# Letter from the President

In July I visited the Tech Trek camp at Stanford, along with **Blenda Mariani, Pat Khan** and **Jean Arndt** who are members of the Tech Trek Committee. What an amazing opportunity for these girls who have just finished seventh grade! Danielle Feinberg from Pixar explained all the elements that are required for an animated movie and stressed how important the computer and technical skills can be. There were women scientists and veterinarians teaching classes, girls busy rolling newspaper tubes for later construction projects, and campers building bridges out of spaghetti. **Marlene Lamb**, one of our branch members, lived on campus as a dorm mom and will introduce our local campers at the September 13 meeting. You will definitely want to hear these young women.

Many thanks to those of you who have taken the opportunity to serve on our Board – some continuing in positions from previous years, and some serving for the first time. There are still a few vacant spots on the Board that you might consider. **Do you like to read?** Maybe you could join the committee planning the Authors' Afternoon. **Do you enjoy meeting new people?** You would be most welcome on our Membership Committee. Please let us know if you can help the branch in these or other areas.

Special thanks to our dedicated *Grapevine* editor **Gail Pedersen**, assisted by **Joyce Sogg**. The newsletter is available by email or regular mail and archived on our branch website at [aauw-lgs.org](http://aauw-lgs.org). This is our primary communication tool and we hope you don't miss a single issue during the year. With help from **Barbara Lea**, Gail is also the editor of the branch 2014-15 New Directory which you can pick up at the Sep-

tember 13 meeting. (If you haven't renewed yet, come to the September General Meeting, bring your check and you can pick up your 2014-15 Directory.)

I encourage you to take advantage of the many opportunities offered in interest groups and committees. Invite friends or neighbors to any of the general meetings — many are open to the public. Support our local projects – Tech Trek, Local Scholarships, and the Committee on Homeless Women and Children – and our national projects through AAUW Funds, supporting the Education Foundation and the Legal Advocacy Fund. Attend the fundraisers or make a donation, if you can.

Thank you for your membership in AAUW. Working together we'll all have a great year!

### Getting Your 2014-15 Directory

The U.S. Post Office raised the cost of both Bulk Mail Permit and postage rates. The increase nearly doubled the cost. To save money, we will no longer be mailing the Directories by bulk mail. *(To renew just the Bulk Mail Permit is now \$210. Mailing a single Directory is about \$2.20. If we had to mail 100 Directories, we would pay \$220. This is a big savings for the branch.)*

#### Directories can be picked-up at the:

- **Board Meeting** on Monday, September 8, 2014.
- **General Meeting** on Saturday, September 13, 2014.

**Paid Members** – just sign the checkout sheet and for your Directory. **(Save the Branch Money.** Ask a branch friend to pick up your Directory. They can sign the checkout sheet.)

**Haven't paid yet** – come, pay to renew your membership, and receive your 2014-15 Directory.

**Cannot Attend Meetings** – Your 2014-15 Directory will be mailed to you first class.

## Tech Trek Grows a Generation

Seventeen years after the first Tech Trek Science and Math Camp at Stanford University, this year's campers experience was enriched by the participation of former Tech Trek campers who have gained enough education and experience in science and math fields to help run things.

Six girls from Los Gatos-Saratoga Branch were participants in this year's Grace Hopper Science and Math Camp at Stanford University the week of July 13-19. Assigned to a "core" unit of their choice (3D Math, Physics of Motion, Marine Biology, CSI Forensics), they swarmed over the campus to attend core classes and lectures and participate in star-gazing, field trips and Professional Women's Night.

Their week was greatly enriched by the involvement of prior Tech Trek campers in many parts of the program (teaching classes, conducting experiments, driving

solar cars and answering questions at Professional Women's Night). These busy college students and graduate students commit their time to camp because they believe that their Tech Trek experience made a difference in their career choice and they want to ensure that other girls have the same opportunity.

While many campers build on their camp experience by serving as Junior and Senior Counselors at subsequent camps during their high school years, others return to the program from unexpected directions. Stanford and Cal Poly grads taught physics and robotics at this year's camp and current Stanford engineering students drove the solar car—two years in a row! One former camper (now a second year pharmacy grad student) was even a dorm mom for the past three years. The distinctive badge of a Tech Trek tee shirt lets girls know that they are part of a special team—even if it was years ago.

trek

The commitment of graduate campers adds an extra dimension to the camp experience that sends a powerful message to everyone involved in this program. While we continue to collect metrics, we also continue to encourage the involvement of all former campers to enrich the current and future program with their real-world input.

Please plan to join us at our September 13 General Meeting to meet the girls in person. You will hear about their personal experience at camp and get the chance to ask questions and check out mementos they bring to share.

## Notes from Board Meeting

This is a new monthly column. It is in the continuing effort to keep the membership apprised of discussions, proposals and decisions made during the Board Meetings.

All members are invited to attend Board Meetings. See the Directory for the list of dates. For the September 2014 Board Meeting, see the Calendar on page 7.

## From the June 14, 2014 Board Meeting

- Directories can be picked up at the September meeting; after that they will be mailed first class which we estimate will be less expensive than bulk mail.
- La Rinconada Country Club has raised their price for the Authors' Lunch and will also charge for the room. We need to consider alternative locations and/or events in order to raise money for AAUW Funds.
- The Saratoga History Museum will not be able to store our historic records any longer; another location may be available in the San Jose History Park in Kelly Park.

## Branch Members on the Move

Our members are dedicated and committed to the work of the local AAUW branch. We support scholarships for women transitioning from Community College to 4-year institutions. We sponsor junior high school girls at Teck Trek, a science and math camp to encourage them to pursue science careers. And we support programs and activities for homeless women. But we also have lives beyond AAUW, and this column will pay note to our member's other activities. If you have an announcement or special event you would like to have noted, contact Joyce Sogg, [joycelawyer@verizon.net](mailto:joycelawyer@verizon.net)

Los Gatos-Saratoga AAUW Members' Louise Webb, Donna Muzzy, Peggy Corr, Marjory Bunyard, Lavonne Marafino, Betty Landin, Carol Greenleaf, Ann Hexamer, Sandra Hill, Mary

Thygeson and Marlene Duffin are working on a **Centennial House and Garden Tour** in Saratoga to celebrate and honor the *Saratoga Foothill Club House* designed by Julia Morgan 100 years ago.

Julia Morgan, one of the first women architects in this country, designed more than 700 buildings in California. In addition to designing the *Saratoga Foothill Club House*, she designed such buildings as Hearst Castle in San Simeon, many buildings at Mills College in Oakland, and much of the Asilomar Conference Center in Pacific Grove.

The 100<sup>th</sup> Anniversary Celebration, chaired by AAUW member Dianne Priest, is on Saturday, October 4, 2014, and will feature 8 historic sites and 2 gardens of our members Betty Peck and Anne Loudon. The proceeds from this **Centennial House and Garden**
